Orchard, Perennial Garden & Lawn Tasks:

- Treat peach trees for peach leaf curl & Shot Hole disease (Mid-Jan)
- Look for bacterial canker on cherry trees. Sterilize tool w/each cut, burn branches.
- Look for field mice around trees. Set traps.
- Plant apple trees, blackberries, blueberries, grapes, raspberries, rhubarb.

Garden Tasks:

- Clean garden tools w/rubbing alcohol.
- Reapply or redistribute mulches.
- Test garden soil for nutrient needs.

Animal Tasks:

- Place cows in field where crimson clover was sown.
- Place cows in field where wheat was sown.

Harvest:

- Broccoli, Purple
- Brussels Sprouts
- Cabbage
- Celery
- Endive
- Kale
- Leek
- Mache
- Mizuna
- Parsnip
- Rosemary
- Swiss Chard
- Winter Peas

Misc. Tasks:

<ul style="list-style-type: none"> • Celery • Leeks • Sweet Onions 	<ul style="list-style-type: none"> • Broad Beans • Garlic • Radish, under cover • Shallots 	<ul style="list-style-type: none"> • Arugula • Broccoli • Cabbage • Cauliflower • Celery • Celeriac • Chives • Eggplant • Fennel • Leeks • Lettuce (some varieties) • Onions (sweet) • Parsley • Peppers • Tomatoes 	<ul style="list-style-type: none"> • Arugula, under cover • Broad Beans • Beets, under cover • Broccoli Raab, under cover • Chinese Cabbage, under cover • Chervil • Cilantro, under cover • Cress, under cover • Endive, under cover • Fennel • Fenugreek, under cover • Flax • Garlic • Lettuce, under cover • Miner's Lettuce, under cover • Mustard, under cover • Onion Sets • Peas • Radish, under cover • Shallots • Spinach, under cover • Turnips, under cover

Orchard, Perennial Garden & Lawn Tasks:

- Repair winter damage to trees & shrubs.
- Prune & train grapes, make cuttings.
- Prune fruit trees.
- Prune blueberries.
- Prune deciduous summer blooming shrubs & trees.
- Prune & train trailing blackberries.
- Prune black raspberries.
- Prune clematis & other vines.
- Plant fruit trees.
- Plant deciduous shrubs.
- Plant asparagus (if ground is warm).
- Plant roses.
- Use organic sprays on fruit trees.
- Remove cankered limbs from fruit trees, sterilize tools.
- Control moles & gophers with traps.
- Plant apple trees, blackberries, blueberries, grape vine, raspberries & rhubarb.

Garden Tasks:

- Plan herb bed.
- Make cold frames.
- Make hot beds.
- Incorporate cover crops or compost into soil.

Animal Tasks:

- Place cows in field where crimson clover was sown.
- Place cows in field where wheat was sown.

Misc. Tasks:

- Tune up lawn mower, tiller, etc.

Orchard, Perennial Garden & Lawn Tasks:

- Apply compost, manure & fertilizer to cane and trailing berries.
- Apply compost & decomposed manure to asparagus, rhubarb & other perennial vegetables.
- Fertilize lawns
- De-thatch & renovate lawn.
- If lawn has moss, scratch the surface prior to seeding with perennial rye grass.
- Prune & shape or thin spring blooming shrubs & trees after blossoms fade.
- Check slug baits & traps.
- Check strawberries for spittlebugs and aphids, wash off with water.
- Check apples & pears for scab.
- Check cherries, plums, peaches, apricots & other stone fruits for brown rot blossom blight.
- Plant rhubarb.

Garden Tasks:

- Plant beans when soil is above 60 degrees.
- Cover transplants.
- Plant transplants of alyssum, phlox & marigolds.
- Cut & remove weeds near garden.
- Make floating row covers for insect control.
- Mulch carrots with coffee.

Animal Tasks:**Misc. Tasks:****Harvest:**

- Arugula
- Rhubarb

May Farm Calendar

Orchard, Perennial Garden & Lawn Tasks:

- Prepare & prime irrigation system.
- Check apple trees for codling moth.
- Check roses for mildew.
- Fertilize roses with an organic fertilizer.
- Plan dahlias, gladioli & begonias (mid May).
- Plant chrysanthemums.
- Trap gophers & moles as needed.
- Check for leaf rolling worms on apples & blueberries, prune off & destroy affected leaves.
- Check strawberries for aphids & control.

Garden Tasks:

- If soil is about 70 degrees, plant tomatoes, squash, melons, peppers & eggplant.
- Weed the garden.
- Check for cabbage worms in cabbage & cauliflower.
- Check for 12 spotted cucumber beetle in beans & lettuce.
- Check for maggots in radishes.
- Check tomatoes, beets, radishes & potatoes for flea beetles.
- Put row covers over brassicas to prevent root maggots.
- Mulch carrots with coffee.

Animal Tasks:**Harvest:**

- Arugula
- Asparagus
- Onions
- Rhubarb
- Strawberries

November Farm Calendar

Early-Plant in Greenhouse	Early-Plant Outside	Late-Plant in Greenhouse	Late-Plant Outside
	<ul style="list-style-type: none">• Broad Beans (DS)• Garlic (DS)• Radish, under cover (DS)• Spinach, under cover (DS)		<ul style="list-style-type: none">• Broad Beans (DS)• Garlic (DS)• Radish, under cover (DS)

Orchard, Perennial Garden & Lawn Tasks:

- Mulch around berries & other perennial plants
- Cover asparagus & rhubarb with composted manure and straw
- Remove weeds
- Correct soil drainage as needed
- Prune roses (but not climbers & ramblers)
- Bait slugs
- Plant trees & shrubs
- Plant spring bulbs (tulips, daffodils, hyacinths, crocuses). Don't delay.

Garden Tasks:

- Bait slugs
- Check potatoes in storage
- Place cold frame over rows of winter veggies
- Plant window-garden lettuce, chives & parsley

Animal Tasks:**Harvest**

- Apples
- Arugula
- Brussels Sprouts
- Cabbage
- Carrots
- Potatoes

Misc. Tasks:

- Clean & oil lawn mower, service if needed
- Clean & oil other equipment
- Drain & store hoses
- Protect sprinkler system-drain, insulate valve mechanisms
- Rake & compost disease-free leaves (destroy diseased leaves)
- Check firewood for insects (burn first)
- Check lawn for moss (means too much shade or poor drainage)
